Secabo Modular Shelving System
As individual as your requirements.

The needs of daily work are as individual as the person doing it. We at Secabo have long recognised this and with the Secabo Modular Shelving System we now offer the optimum solution for the individual construction of your personal working environment.

From shelves and racks for storing rolls of film to tables for transfer presses and cutting plotters - the modular system offers unlimited possibilities! Optionally, a roll holder can also be attached to make working with the cutting plotter even easier. In addition to various sizes, the high-quality modules are available as stand-alone models, rollable or for wall mounting.

Mit dem modularen System können Sie Ihre Tische nach Belieben aufbauen, so dass Sie auch die hintere Mittelstange zur Befestigung des Moduls weiter nach oben stellen können (siehe farbige Fotos auf der ersten Seite). Dazu müssen Sie die Rohrhalterungen, die in der Mitte nach oben ausgerichteten sind, um eine Reihe nach oben versetzten.

With the modular system, you can build up your tables as you like, so you can also move the rear centre pipe for attaching the module further up (see coloured photos on the first page). To do this, you need to move the tube holders aligned in the middle upwards by one row.
